ALLSTAR STATS TRANSACTIONS REPORTING FORM - INSTRUCTIONS

THIS IS YOUR ORIGINAL. PLEASE MAKE COPIES OF THE TRANSACTIONS REPORTING FORM.

- ✓ ALL moves reported on a TRANSACTIONS REPORTING FORM are effective on your league's report preparation day - MONDAYS for AL & Mixed leagues, TUESDAYS for NL leagues, THURSDAYS for off-peak leagues.
- ✓ This form is used for Weekly Transactions. Daily transactions should be done through the website.
- ✓ Always write an effective date at the top of the form.
- ✓ Only use the "retroactive effective date column" for moves that are effective on a report preparation day that is prior to the date you wrote at the top of the form (thus a retroactive move).

DROP / ADDS

- ✓ Write the player being dropped and his replacement ON THE SAME LINE.
- ✓ Do not put a team number in the middle column - you only do that when trading a player to another team.
- ✓ Put the moving of players from reserves to free agent and from free agent to reserves on the same line.
- ✓ Put the moving of players to and from the active roster on the same line.

DON'T DO THIS:

FROM: <u>ACTIVE</u> <u>RESERVES</u> FARM TO: <u>FREE AGT</u> WAVE <u>RESER.</u> FARM ACT. POS. _____	FROM: <u>FREE AGT</u> WAVE ACT. <u>RESER.</u> FARM TO: <u>RESER.</u> FARM <u>ACTIVE POSITION</u> <u>C</u>
1 BRILEY, G, SEA FOR #F	HOILES, C, BAL
FROM: <u>ACTIVE</u> <u>RESERVES</u> FARM TO: <u>FREE AGT</u> WAVE <u>RESER.</u> FARM ACT. POS. _____	FROM: <u>FREE AGT</u> WAVE ACT. <u>RESER.</u> FARM TO: <u>RESER.</u> FARM <u>ACTIVE POSITION</u> _____
1 FITZGERALD, M, CAL FOR #F	

BECAUSE

You're putting a reserve to free agent move on the same line as a move involving the active roster.

DO THIS:

FROM: <u>ACTIVE</u> <u>RESERVES</u> FARM TO: <u>FREE AGT</u> WAVE <u>RESER.</u> FARM ACT. POS. _____	FROM: <u>FREE AGT</u> WAVE ACT. <u>RESER.</u> FARM TO: <u>RESER.</u> FARM <u>ACTIVE POSITION</u> _____

1 BRILEY, G, SEA FOR #F	

BECAUSE

Fitzgerald is being replaced on the active roster by Hoiles, so they should be on the same line, with Briley on his own line.

TRADES

- ✓ Always circle where each player is coming from and where he is going to (active, reserves, or farm).
- ✓ For unbalanced trades simply write the "extra" player on a line by himself, as shown.
- ✓ Sometimes teams will trade a player and his new team will cut him to free agent. To show this type of move, first trade the player to his new team's active, reserve, or farm roster. Then on a separate line show him being released.

Team 2 trading Justice and Alou to team 4 for Dykstra.

"UNDOING" A MOVE

- ✓ If you report a move to us and you want to wipe the move out, simply report the exact opposite of the move - and specify the SAME effective date as you originally reported.
- ✓ Then if you want to change the effective date, write the move again the same way you originally did, and specify the new effective date.
